Introduction

December, 2021

Mayor Fasbender & Councilmembers:

I am pleased to present the 2022 budget for adoption. The City's budget represents a plan that prioritizes the high-quality services our constituents expect in a fiscally responsible manner. The budget preparation process spans a good part of a year and entails many meetings, discussions, and prioritization perspectives on how to best plan for our operations and service. We work collaboratively to bring forward budget recommendations that are rooted in the City Council's strategic priorities and our CORE Values—Communication, Optimal Service, Respect for Resources, and Enthusiasm. Additionally, understanding the short and long-term impacts of proposals are imperative as we continually work to position the organization and the services we provide in a long-term sustainable manner.

In 2022, the City will see an overall tax capacity increase of 3.71% over 2021 values. With attention to significant capital needs, the tax rate will be increased for the first time since 2016. More information about the 2022 budget investments is provided throughout this document.

After reviewing department operations and requests, a preliminary 2022 tax levy of \$16,294,085 was adopted with a projected tax rate of 58.61%. The tax rate will be recalculated one last time at the County.

The proposed budget maintains the high levels of service to the community. Highlights include:

- Implementation of Compensation and Classification Study
- 2022 Neighborhood Project
- Painting the West 4th Street Water Tower
- Construction of cold storage facility
- Police and Fire Radios – final phase
- Replacement of an Ambulance
- Replacement of a Dump Truck, equipped with a sander and plow blade
- Accounting software replacement
- Replacement of 3 Police squad cars

This budget document is the result of teamwork, communication, and respect for working together to find creative solutions to meet ongoing needs while preparing for the long-term fiscal and community stability of Hastings. Thank you to the City Council and our staff for their help in developing this budget.

Sincerely,

Dan Wietecha
City Administrator

Our Community

The City of Hastings is a dynamic, historic community located on the Mississippi River 22 miles south east of St. Paul, adjacent to Wisconsin and the confluence with the St. Croix River, a nationally designated wild and scenic river. With a population of 23,192, Hastings has grown into a mid-sized community while retaining its small-town feel. As part of the Twin Cities Metropolitan area, Hastings has its own unique identity with an historic downtown, miles of trails, and historically preserved neighborhoods. Hastings keeps a piece of its history while accommodating development and evolving community needs.

As the county seat of Dakota County, which has an estimated population of 433,000, Hastings is home to the main county government center. Other large employers include Allina Health – Regina Medical Center, which has a hospital and medical clinic, Smead Manufacturing, producers of stationery supplies; and ISD #200, the Hastings School District.

Recreational opportunities abound in Hastings, which has an excellent trail system and many natural amenities including the breathtaking Vermillion Falls and River. There are 33 parks dotted across the community, with myriad options for tennis, baseball, soccer, skating, and playgrounds.

Following is a table of demographics.*

Organization

The City of Hastings has a Council/Administrator form of government, meaning that the Mayor and City Council are the legislative and policy making body for the City of Hastings. The City Council is responsible for directing the policies of the City of Hastings' services. The City Administrator is responsible for carrying out the directions of the Council majority. In this way, the Mayor and Council can focus on "big picture" issues while they oversee the Administrator who manages the day-to-day operations of the City.

The Mayor and six City Councilmembers are elected to alternating four year terms and the City of Hastings is divided into four wards. A Councilmember is elected to represent each ward, with two At Large members and the Mayor representing the entire community.

CORE Values

The City developed and adopted CORE values to articulate what our City stands for and what it means to work for our organization as it relates to providing quality services to the public. We are consistently striving to find opportunities to improve our public services and become an even better organization.

Communication

- We value and promote participation and interactions with citizens and staff.
- We will seek to assure timely and open communications while providing background and context for the decisions that are made.

Optimal Service

- We recognize the importance of providing timely, courteous and respectful service to the public and to one another.
- We will seek to serve the public and other employees in a constructive, creative and practical manner.

Respect for Resources

- We recognize the value of using all City resources in an efficient and effective manner.
- We will seek to utilize City resources to serve the common good of all.

Enthusiasm

- We are committed to protecting and promoting the unique characteristics of our community, including its history and scenic beauty. We will seek to infuse enthusiasm and enjoyment into our daily interactions with citizens, visitors and other employees.

2021 Outcomes

- This is the first year since 2016 that the tax rate increased
- The City partnered with MnDOT to complete construction of the Highway 316 corridor with safety enhancements for vehicles and pedestrians.
- Extensive embankment restoration and rip rap was completed along the Mississippi River.
- Fourth year of City-wide water meter replacements, including upgrades to allow real-time water meter reading.
- The 2nd and final phase of 15th Street (major collector roadway) was completed with added pedestrian safety elements.
- Continued investment in Mill and Overlay program for City streets
- Continuation of Emerald Ash Borer program for residents and public green spaces
- Reconstructed one segment of the Hastings Trail System
- Staff continued to adjust summer programming at Levee Park to promote safety while dealing within COVID-19 restrictions

Financial Stability

Bond Rating

Standard & Poor's Rating Services bond rating for the last bond sale was AA. This rating indicates the strong and stable financial position for the City.

Tax Base

Hastings' tax base is primarily residential, with 73% of properties defined as such. The tax capacity has been increasing since 2014 to present year, from \$15,311,741 in 2014 to \$24,604,700 in 2022. The 2020 tax capacity marked a full recovery from the recession after achieving the previous historical high point in 2009 (\$20,827,065).

Growth & Redevelopment

Following significant growth throughout the 1990's - 2000's, Hastings' growth has stabilized the last several years. Building permits issued hit a high of 4,776 in 2007. Due to the economic recession, the City saw a sharp drop in the number of permits for several years. Permits have since remained steady with four new residential developments approved in 2020, totaling over 300 new housing units. In 2021, from the newly-platted lot inventory, 33 single family homes have been issued building permits.

The City approved a 32-unit market rate apartment in the historic downtown which will be constructed in the spring of 2022 by River City Investments, LLC. Heritage Ridge will add 116 new single family and villa homes, Villas at Pleasant will add 36 villa homes marketed towards empty nesters. Real Estate Equities is currently constructing 90 independent senior living apartments at Schoolhouse Square which will open in the fall of 2022, and Headwater Development will add 75 assisted and memory care units along County Road 47.

One of the City's largest employers, Quality One Woodworking, LLC was approved for a 52,000 square foot expansion to its facility in Hastings. The project represents a \$3.2 million investment by the business in its Hastings operation and will create an estimated 35 additional jobs over the next five years.

HEDRA, the City's Economic Development and Redevelopment Authority, continually reviews redevelopment tools to competitively position the City. The City's Economic Development Coordinator actively pursues economic development growth.

Financial Management

The City's Charter requires the City Administrator prepare and submit to the Council an annual budget and capital program. The City's Finance Department is vital to ensuring the accounting system and budgetary controls are maintained as established by the City Administrator and City Council.

Annual Comprehensive Financial Report (ACFR)

The City operates on a calendar fiscal year and reports its year-end financial position in a Comprehensive Annual Financial Report (CAFR) which is prepared by the auditing firm contracted by the City. This report is completed by June 30th and a report provided to the City Council. The report is available on the City's website.

The City uses an independent auditing firm to ensure accuracy and compliance with federal and state laws and regulations. The Government Finance Officers Association of the United States and Canada (GFOA) has awarded a Certificate of Achievement for Excellence in Financial Reporting to Hastings since 1996. This is a significant award recognizing transparency and full disclosure with respect to the City's financial position.

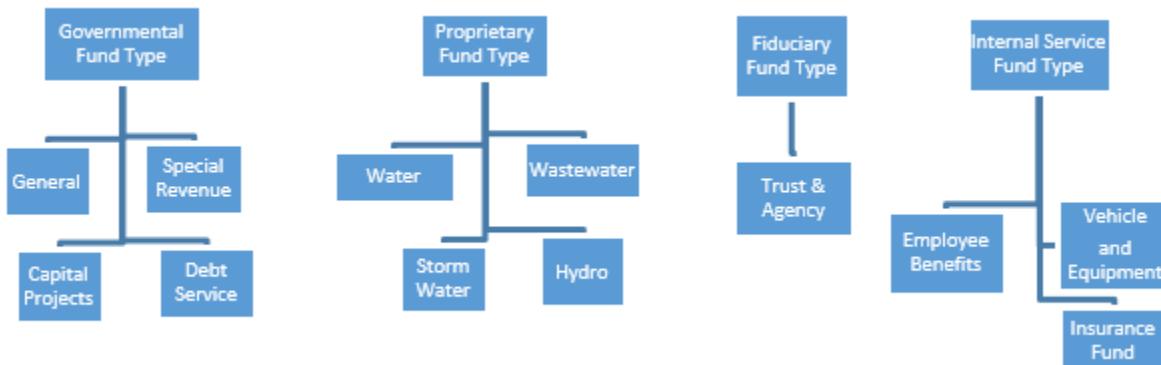

Budgetary Controls

The City of Hastings maintains a system to protect the financial assets and safeguard against fraud. These safeguards not only reduce the misuse of assets, but help to provide effective and efficient operations and help the City maintain a good financial reputation. Internal controls are in place to provide reasonable protections for accurate and lawful financial transactions.

Investments and Debt Management

The City judiciously invests to ensure that capital losses are avoided and sufficient liquidity is maintained for operational requirements. When considering whether to issue debt, the City has established policies relating to key financial, economic, and debt ratios.

Fund Structure

Fund Structure

The City records financial transactions in individual funds. A fund is a separate set of accounts established for a specific purpose. There are four basic City fund types:

- **Governmental Funds** - used to finance most governmental services based on tax revenues, charges for services, special assessments, or debt. The city's general fund, parks and recreation, debt service funds (to pay off bonds), and capital project funds are examples of governmental funds.
- **Proprietary Funds** - used to finance governmental activities operating like a private business. Examples include the water and sewer utilities. Service charges are the primary revenue source for these funds.
- **Fiduciary Funds** - trust and agency funds used to account for assets a city holds in a trustee capacity or as an agent, for example, LeDuc Mansion. Fiduciary funds cannot be used to support the city's own programs.
- **Internal Service Funds** - used to provide cost allocation to internal funds. An example is to account for equipment maintenance and replacement.

In addition, there are different funds within the fund types:

- **General Fund** - the General Fund accounts for all financial transactions not accounted for in any other fund. The expenditures from the General Fund account for a wide range of services including public safety, public works, and general government.
- **Special Revenue Funds** - governmental funds to account for services and expenditures for which revenue is restricted for a designated purpose. General tax levy dollars may also support the operations within special revenue funds. The City has ten special revenue funds:
 - Parks & Recreation – used for parks operations. Most revenue is property tax based, but some user fees are generated.
 - Hastings Family Aquatic Center – user fees contribute about 60% of the cost for the aquatic center.
 - Cable – operating grant revenues, franchise fees and charges for the City's Cable function.
 - Heritage Preservation - provides resources to the community to ensure continued preservation.
 - Fire & Ambulance – the City's Fire and EMS Department serves a geographic area broader than the Hastings City limits through our Rural Fire Association agreement. Additionally, revenues are generated through ambulance billing and other fees charged.
 - Civic Arena – this function is primarily financed through user fees.
 - LeDuc Mansion – maintenance and repair of the historic estate which is owned by the City of Hastings and programmed by Dakota County Historical Society. Funding is provided through a trust account.
 - Police Reserves – finance activities of Police Reserve Officers.
 - DUI Enforcement/Equipment – finance activities of DUI enforcement.
 - Drug Awareness/Forfeiture – revenue received from court fines that is legally restricted for the purchase of otherwise unbudgeted police equipment and/or related program expenses.

- **Debt Service Funds** - account for the accumulation of resources for the payment of debt principal and interest for the City's general obligation debt and special assessment revenue-supported debt.
- **Enterprise Funds** - "business type" funds established to account for services where most of the costs are recovered through user fees and charges. The City has four enterprise funds:
 - **Water** - revenue is generated through water usage and service charges, which are used to finance the water system operating expenses.
 - **Wastewater** - revenue from sewer usage and service charges, which are used to finance sanitary sewer system operating expenses.
 - **Stormwater** - revenue from storm water fee to support the capital and operational needs of the storm water system.
 - **Hydroelectric Plant** - revenues from this account are used to finance ongoing and future capital needs as well as subsidize general fund operations.
- **Component Funds** - this is the Hastings Economic Development and Redevelopment Authority (HEDRA), which has authority to support rehabilitation and neighborhood stabilization projects as well as economic development initiatives throughout Hastings.
- **Capital Projects Funds** - used for the acquisition or construction of major capital facilities and equipment (except those financed by proprietary funds). The City has three Capital Projects Funds:
 - **Parks** - created for construction and capital improvements of City parks. Revenue is primarily from park dedication fees.
 - **Road Improvement Construction** - accounts for annual infrastructure improvements. Construction is funded generally funded from a combination of intergovernmental revenues, bond proceeds and contributions from utility funds.
 - **Budget Stabilization** – accounts for large planned purchases for which funds are saved over a number of years. Revenues primarily come from external one-time sources such as LGA and internal transfers.

Fund Balance Policy/Goals

The City of Hastings established policies to articulate the goals for appropriate fund balance levels for each of the governmental funds as well as the enterprise funds. These policies are periodically reviewed by the City Council and amended as determined necessary.

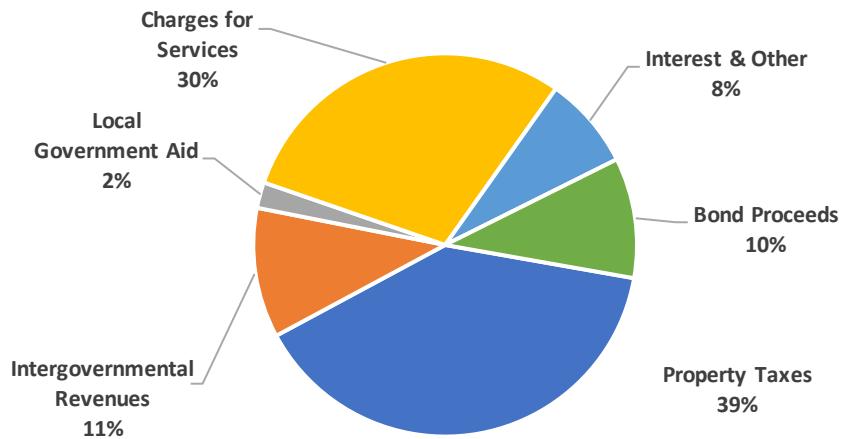

Revenue Overview

Revenue is collected from various sources. The following table summarizes the revenue by source.

2022 Recommended Revenue Budget - City Funds

	Governmental			Total - City
	Operating Funds	Proprietary Funds	Infrastructure	
Property Taxes	\$ 15,959,070	335,015		\$ 16,294,085

Operating Revenues by Source

Property Tax

The property tax rate is calculated with a number of variables: market value, tax capacity, fiscal disparities, levy amount, and property tax credits. The County prepares the property tax rolls based on the amount of tax submitted by each taxing entity within the County. In 2022 the tax rates for all taxing entities on an average Hastings (Dakota County) property tax bill were:

The amounts certified by the City to the County for the past six years were:

Year	Tax Capacity	Levy	Tax Rate
2017	18,333,961	12,960,920	62.52%
2018	19,680,981	13,503,307	60.86%
2019	21,201,713	14,233,201	59.61%
2020	22,667,641	14,788,179	57.39%
2021	23,734,766	15,312,300	57.35%
2022*	24,604,700	16,294,085	58.61%

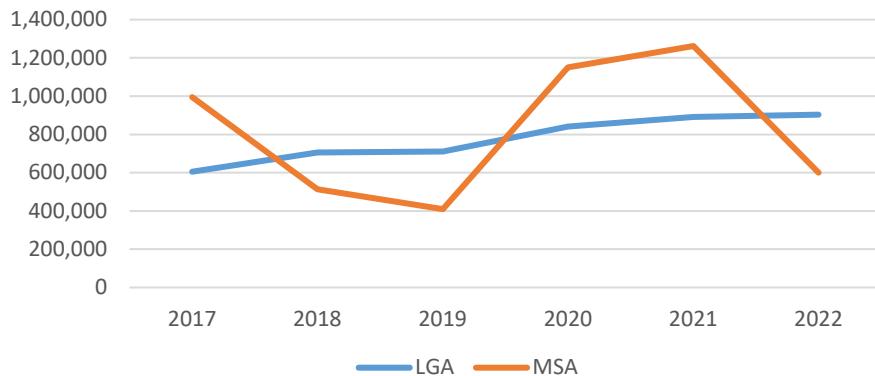

*Proposed

The tax rate will increase for the first time since 2016. Approximately 38% of the levy increase is due to an increase in the tax capacity value. The tax rate for 2022 is the preliminary rate. The County provides the final calculation.

Intergovernmental

Intergovernmental revenue is received from other Government Entities. The State of Minnesota provides Local Government Aid and Municipal State Aid. These are Statutory Aid programs that fluctuate on an annual basis depending on the State Budget and State Aid Street needs. The following graph shows a six-year trend on these two sources.

Grants are also considered intergovernmental revenue. As grants become available, the Council will consider acceptance and then the grant becomes a funding source. Grant revenue is not included in the budget unless approved.

Charges for service

A charge for service is revenue received when there is a fee for a specific service. It usually involves a service provided to a specific person or entity. Examples would be the charge for skate sharpening or a utility bill. The City has an ordinance that identifies charges for service. The ordinance is found in Title III Chapter 34 of the City Code. Fees are reviewed during the annual budget process to maintain the appropriate cost recovery for the service provided. The City Council adopted new rates for 2021 based on staff recommendations and the utility rate study from 2017. Since the Water, Wastewater and Storm Sewer funds are financed with user fees, it is imperative the rates be changed as costs change.

Special assessments

When the infrastructure that abuts a property is improved, a portion of that improvement's cost is levied to the adjacent property. There must be a demonstrated benefit to the property. The 2022 budget includes a revenue source for special assessments related to the 2022 Neighborhood Improvement Project and collections of previously-levied assessments. Special assessments can be prepaid or paid for with property taxes over time. Special assessments are also used to collect delinquent utility accounts and for unpaid costs of property clean up.

Bond proceeds

A portion of the property tax levy is used to repay debt. A debt study was conducted in 2017 that is used to project the amount of levy needed to support debt. The goal is to keep our levy steady and avoid large increases or decreases from year to year. We use our debt study to determine how much a project is going to cost long-term, and the effect on the levy.

The 2022 budget includes \$2,611,091 of property tax levy to support debt payments. Of this total, \$2,246,111 is for bonded debt. The rest is for TIF bonds, equipment certificates and refunded debt.

Expenditure Overview

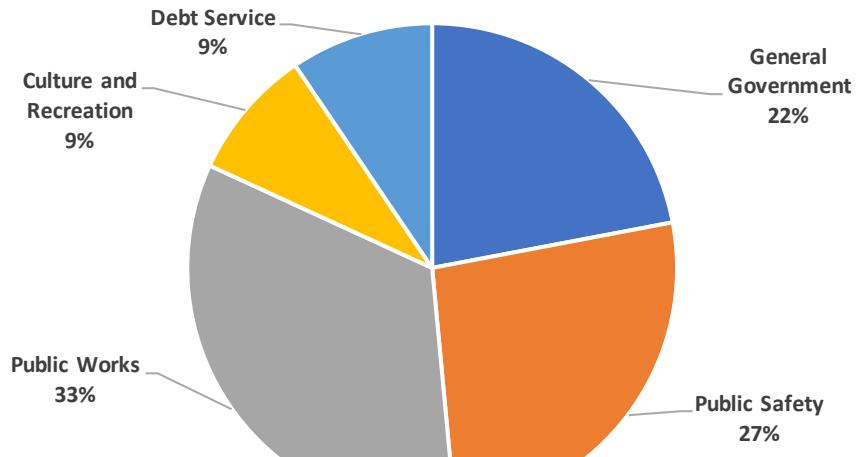

Expenditures are presented in different categories to determine funding sources and to reflect the nature of the cost.

The total adopted budget for 2022 is \$42,484,068. Following is a breakdown by budget category.

2022 Recommended Expense Budget - City Funds

Budget Highlights

In 2022, the Fire and EMS department will replace an Ambulance, complete the second, and final, phase of the Emergency Response Radios upgrade and install new air filtration filters in trucks to improve air quality. In operations, a new Fire Inspector position has been added to focus on rental properties' and safety inspection. This position will also support all other fire department functions.

Purpose

This important Civil War mansion was built over several years by General William G. LeDuc, and completed in 1865. Donated to the Minnesota Historical Society in the 1950s, it was used as an antiques shop by the previous owner until the mid-90s when it was acquired by Dakota County Historical Society. In partnership with the City of Hastings, the building was restored to its former glory and now serves as a museum.

Public Works – Storm Water

Purpose

Storm water staff improve the management of storm water to benefit the quality of water. Unmanaged storm water can have devastating consequences on the quality of lakes, streams and rivers we enjoy. Storm water often contains oil, chemicals, excess phosphorous, toxic metals, litter and disease-causing organisms. In addition, storm water frequently overwhelms streams and rivers, scours streambanks and river bottoms and hurts or eliminates fish and other aquatic organisms.

Public Works – Storm Water

Budget Highlights

A study to identify future water quality improvements to achieve the most benefit to the City will be funded from the Stormwater Fund.

Public Works – Hydro

Purpose

The hydroelectric power plant converts the potential energy in water pooled at a higher elevation into electricity by passing the water through a turbine and discharging it at a lower elevation. The water moving downhill turns the turbine to generate electricity. Hydro staff ensure the power plant continues to operate effectively.

INTERNAL SERVICE FUNDS

Retiree Health

Purpose

The retiree health internal service fund is used to pay for the health insurance for our pre-1993 employees. Employees hired prior to the year 1993 are eligible for Health insurance for 10 years after retirement, or until they turn 65. The City pays the full cost of the Health insurance. This fund pays for the Health Insurance premiums.

Budget Highlights

We maintain estimates based on retirement eligibility of the Retiree Health insurance expense. Our Insurance costs are estimated to continue to increase until a peak in 2023. After 2023, the number of eligible employees begins to decrease, which in turn will reduce the City's liability.

COMPENSATED ABSENCES

Purpose

When an employee retires or leaves employment with the City, they are eligible for payouts of vacation hours and half of their sick hours after 10 years. This can be several thousand dollars for long-term employees. This fund pays for the vacation and sick hours paid to employees leaving City service.

Budget Highlights

We try to estimate expense during the budget cycle based on employees eligible for retirement, plus an allowance for employees leaving for other employment. It is difficult to gauge how much money will be needed each year, as it is impossible to predict who is leaving within the next year. We strive to maintain a healthy cash balance in the Compensated Absences fund so we are able to pay out large sick and vacation balances without using fund balance from our main general and utility funds.

Vehicle and Equipment Fund

Purpose

The vehicle and equipment fund was created in 2017. The purpose of the fund is to designate funds for vehicle and equipment replacement throughout the City. This fund is for levy-driven City operations and does not include purchases for our Utility or Hydro items. The fund is intended to create a source of revenue for vehicles and equipment, so the City does not have to take out equipment certificates for these purchases.

INSURANCE FUND

Purpose

The insurance fund was created in 2019. This is an internal service fund that will collect revenue from every area of the City. All Liability and work comp insurance will be paid from this fund, as well as deductibles from insurance claims. The fund should accrue a positive fund balance over the next several years, to allow the City flexibility with its insurance deductibles, and also could be used in case of a settlement over insured amounts.

Budget Highlights

HEDRA is continuing to use its loan program to help local business grow. HEDRA is also working on redevelopment opportunities both for commercial and residential housing through a variety of programs.

DEBT SERVICE

Debt Service Funds are established to account for the City's repayment of bonds issued to finance equipment, infrastructure or facilities.

EQUIPMENT CERTIFICATES

Equipment Certificates can be issued to purchase capital equipment that would typically require a large use of cash reserves. This funding option is expected to be used less often in the future. The City currently utilizes the vehicle and equipment fund to purchase capital equipment without issuing debt.

G.O. IMPROVEMENT

Improvement bonds are issued to pay for the cost of infrastructure improvements over the useful life of the asset. The repayment is through property taxes and special assessment revenue. This debt is typically issued for a 10-year life.

REVENUE

Revenue bonds are issued to pay for utility infrastructure. The debt is repaid through utility system user fees.

REFUNDING

Refunding bonds are issued when the anticipated interest rate on the refunding sale is less than the rate on the bonds previously issued. The interest rate savings must be greater than the cost of refunding.

CITY CHARTER

City Charter bonds can be issued for any legal purpose. The debt is repaid through property taxes.

TAX INCREMENT

The City established specific districts within the community for redevelopment. The property taxes generated from the redevelopment within this district are dedicated to repay debt.

2022 Interfund Transfers

The following table summarizes transfers between funds. These transfers are required to provide accurate costing between types of funds. Examples of transfers are:

- Capital projects – Infrastructure transfers are based on estimated project scope. The enterprise funds pay the utility portion of the street reconstruction project cost.
- Budget stabilization – Operations contribute to budget stabilization on an annual basis to save up for expenses that have a one-time impact on the budget
- Administrative overhead – The cost to provide internal services such as human resources, accounts payable, finance and information technology, is allocated to all departments that benefit
- Cost allocation – When the cost for a project or service is accounted for in one location to aggregate the costs, but the project or service benefits other funds, an interfund transfer may be done
- Hydro - City owned water-driven electricity generation facility contributes to the City operations
