DATA PRACTICES NOTICE

Every city in Minnesota must comply with the Minnesota Government Data Practices Act (MGDPA), which, in conjunction with other state and federal laws, classifies all government data. Government data are classified in different categories depending on whether they are accessible by the public.

Government data means all data collected, created, received, maintained or disseminated by the City regardless of its physical form, storage media or conditions of use. There is a presumption that government data are public and are accessible by the public for inspection and copying unless there is a federal law, state statute or temporary classification of data that provides differently.

The data supplied in this application will be used to assess the qualifications for a license. This data is not legally required but the City will not be able to grant the license without it. If a license is granted, the data will constitute a public record. The data is needed to distinguish this application from others, to identify this application in city license files, to verify the identity of the applicant, to contact the applicant if additional information is required and to determine if the applicant meets all ordinance requirements.

TENNESSEN WARNING

When the City of Hastings (“City”) collects private/confidential data from an individual about that individual, the City is required under Minn. Statute § 13.04, subd. 2, to provide a Tennessee warning Notice. The purpose of this Notice is to enable individuals to make an informed decision about whether to give data about themselves to the City.

Classification of Data Provided

Under Minnesota Statute § 13.41, subd. 2, regulating licensing data obtained by a public entity, names and the designated contact address and telephone number are public data and available upon request. All other information provided on your application prior to licensure approval is classified by law as private data and is accessible to you, but not to the public. Upon license approval, all information provided on your application is public data, EXCEPT for: date of birth, social security, non-designated or secondary contact address and telephone number, financial data, state and federal tax ID’s, or data classified under Minnesota Statute § 13.02, subd. 12, as private or subd. 13 as protected nonpublic. Public data is available to any person upon written request to the City.

Purpose and Intended Use

The data requested on each application will be used in determining whether you meet the City's qualifications and requirements for the license you are applying for. If a background check is required, the data from your application will also be used by the City and the Hastings Police Department as required by Hastings City Code § 33.01. Failure to provide any of the requested information could result in the delay or possible denial of your initial or renewal application. All data collected and stored may be shared upon court order or with other government entities as authorized by law.

I hereby certify that all statements made in this application are true and complete and understand that any misstatements or omissions of material facts may result in disqualification or denial of the license. I agree to abide by the provisions of this application and all applicable City polices and ordinances.
