Private and semi-private swim lessons provide individualized swim instruction to teach water safety and skill development in a learn-to-swim progression that is tailored to the individual needs of the swimmer.

Looking for some personalized swim lessons to meet your individual needs? Check out the Hastings Family Aquatic Center Private Swim Lesson Program. We understand that there are situations where group swim lessons are not the best fit for everyone.

Who?

- ◆ Private lessons are available to everyone and anyone.
- ◆ There are several options for one-on-one lessons or semi-private lessons.

When?

- ◆ Your lessons will be held during the morning hours or after the pool closes for the day. (Saturday mornings, Sunday morning or evening, Monday and Friday evenings. And various mornings when regular lessons are not in session)
- ◆ You and your swim instructor will work out the dates and times.

Where?

Our private lessons are held at the Hastings Family Aquatic Center.

Cost?

Individual lesson package:

- ◆ □ One package includes 3-30 minute lessons for \$70.

Semi-private lesson package:

- ◆ □ Cost is still \$70, but you are now sharing your 3 lessons with another person. Typically, parents will split the cost with another parent to have their children take the semi-private lessons together, each paying \$35.
- ◆ You can buy as many sessions as you want.

Instructor?

You tell us what you need. If you want to learn stroke mechanics because you are training for a triathlon, we will match you with an instructor who has a strong stroke mechanics background. If you are looking for private lessons because your child has special needs or a fear of the water, we will match you with an instructor with strengths in those areas. Please let us know what you need.
